

Broadband satellite internet
 ...experience the freedom of broadband

Base3 s.r.l. in partnership with Hellas Sat offers satellite communication systems through the Padua Teleport. We are now pleased to bring you the freedom of fast, always on, broadband satellite internet connection using the LinkStar™ terminal operated by Hellas SAT.

ViaSat™

LinkStar™ is a new satellite terminal that delivers ultra high performance satellite IP data in both directions. Plug the Ethernet port into your computer or network and enjoy the freedom of always-on broadband connectivity.

Depending on your location, we will provide an appropriate satellite antenna (from 1m to 1.8m), and arrange a fast and efficient installation.

via Hellas SAT

Our service is operated directly by Hellas SAT- one of the World's leading satellite operators. The Hellas SAT it's the newest and more powerful satellite operating in Europe and has been launched in 2003 for the World Olympic Games in Greece.
